Organizing Ninjas

There has to be a better talk name
than this...

Where to start?

- Welcome to b-sides. W00t.
- Who are you?
  - Who am i?

Ninja fact # 0x0302a : ninjas are mammals

Agenda

- **Background**
- Where we're headed
- Ptc (worst name evar)

Ninja fact #0x0abad02a : Can run 100 miles on their hands

Where this all got started

- Needed a methodology

- Sorta kinda picked a methodology, but was still wicked disorganized

- So. We built a Center of Excellence.

Ninja fact #13213: ninjas are mammals

What's a center of excellence?

- Good question
  - think of it like a lamp. It stores excellence.
  - And knowledge
    - And methodology
      - And data
        - And lots of other fun stuffs.
          - Toolkit
          - Template projects
          - Persistent code / tools / whatever.   Stuff.
  - Hackery. Not the skype channel, sorry.

Agenda

- Background
- **Where we're headed**
- Ptc (worst name evar)

Ninja fact #0x0abad02a : Can run 100 miles on their hands

So why do I care

- Good question again.
  - Faster (read: gsd)
  - More Consistent
  - More Scalable
  - More Fun
  - Free stuff
- Even if you're not a pentester

Ninja fact #13213: ninjas are mammels

Wait did he say free

- Why yes.
  - Free collaboration
  - Free updates (rss / on-screen notification)
  - Free traceability
  - Free reporting
  - Free scalability

Ninja fact #13213: ninjas are mammels

Stuff we talk about a lot

- Reconnaissance / Enumeration / Scanning
- Exploitation
- Yadda yadda yadda (though I really *like* post-exploitation)
- Pirates
- Exploitation

So we're not gonna talk about that stuff today.

Ninja fact #13213: ninjas are mammels

Stuff we don't talk about much

- Collaboration (and how to do it effectively)
- Methodology (and making it practical)
- Reporting (and why it takes so damn long)
- Project management
- All "the other stuff"

This is what we're gonna discuss

Ninja fact #13213: ninjas are mammels

Works well with others (Collaboration)

- What I want to do:
  - work with dudes around the world
    - Guys who are better than me
  - communicate
    - Data from XYZ tool
    - Parsing tools
    - Documents
  - Go faster

Ninja fact 0x0002a: Ninja can crush golfballs with 2 fingers, any two fingers.

Project management

Booring

Ninja fact #13213: ninjas are mammels

Methodology

- Well, this could be cool, but really, generally boorrrring.

Ninja fact #13213: ninjas are mammels

Reporting

- BOOOOOOOOOOOORRRRRRRRRing.

Ninja fact #13213: ninjas are mammels

Demo: kicking the tires

- Components
  - Wiki / includes
  - Ticketing System
    - Tasks and Findings
  - SVN repo
  - Report Creation
- Rapper Scripts
- Template Projects

Future Work

- Hub & Spoke System
- More methodology -> tix (osstmm ,va.co.uk)
- Customized tix & workflow
- Better reportgen -> xml -> oowriter / msword
- Auto-attack -> well-named locations in svn
  - Auto parsers through svn hooks
- Correlation between tools
  - Object-based representation of the environ
